It is reported that there was no increase
in the sale of meat on the five days in the
week when slaughtering of animals was
allowed, in view of the fact that the sale of meat
in those days was restricted to the quantity
based on the average daily consumption
of the previous two months &
The Dy Commr recommends the remission
of Rs 189 in favour of the Contractor for like sum
as a Compensation to the same for the loss
sustained in this behalf.

Sir,

Re: Remission of Beef and Mutton Stall rentals in Frenchrocks Municipality

I have the honour to forward herewith the report No C 159/44 dated 22-5-1945 received from the President, Frenchrocks Muncipality Council on the above subject, and to state that with the advent of the Meat Control Order (which was introduced after the holding of the annual sale of the mutton and beef stalls of the Municipality) the sales of mutton and beef have been reduced to a considerable degree as rightly represented by the contractors According to the Meat Control Order, they will have no sales for 2 days in the week and therefore they should be compensated for this loss The muttion and beef stalls were leased out for an aggregate rental of Rs 1,325/- during the year 1944-45 and the Meat Control Order having come into effect from 3-1-1945, two sevenths of half the total rental has in fairness . to be remitted

The Municipal Council have resolved at their meeting held on 28-2-1945 that 2/7ths of the lease amount for the period may be recommended to be remitted and sanction to the payment of a like sum as compensation to the municipality for the loss of this income obtained This amount works out to Rs 189/-

The President, Municipal Council, has further requested that Government may be pleased to sanction compensation for the loss of this income to the Municipality as long as the Meat Control Order remains in force, at 2/5th of thelease amount secured every year

There seems to be some force in the representations made above and it is therefore recommended that the remission of Rs 189/- may be sanctioned as resolved by the Municipal Council and a like amount granted to the Municipality as compensation for the loss sustained, further compensation for loss during the currency of the Meat Control Order being fixed in the proportion suggest by the President, Municipal Council.

I have the honour to be,
Sir,
Your most obedient servant
